The City of Bloomington Utilities Issues Precautionary Boil Water Advisory for some of its Customers

Bloomington, Ind. – The City of Bloomington Utilities has issued a precautionary boil water advisory for some of its customers following localized fire hydrant flushing of the water distribution system. Customers of the City of Bloomington Utilities in the following areas are impacted by this advisory.

- **East Fairwood Drive, East Woodland Drive, North Rural Street, East Richland Drive, and East Prairie Drive in the Fairwood Terrace Neighborhood.**
- **North Old State Road 37 from North Dunn Street to East Prairie Drive, East Bethel Lane, East Northcliff Avenue, and North Christina Lane.**

Customers in the aforementioned areas are advised to boil drinking water for 5 minutes prior to consumption until further notice. Tap water is okay for washing/bathing. These customers are also advised to flush their systems by running cold water through all fixtures, including the washing machine until the water runs clear.

A public advisory will be issued through local media outlets when the precautionary boil water order is lifted. The City of Bloomington Utilities will also announce the lifting of the precautionary boil water advisory on its web page at Bloomington.in.gov/utilities.

For more information, customers of the City of Bloomington Utilities can call 812.339.1444.
